

# Weston Centre

San Antonio, Texas

## New Site to Help Strengthen Your Wireless Network

Our new agreement with Weston Centre, a premier tall building in San Antonio, enhances our portfolio for wireless development and provides American Tower customers with rooftop, Distributed Antenna System (DAS) and fiber access to this desirably constructed and located structure. With rights to this prominent site, we can help optimize your network in this growing metropolis.

- › 32-story building with more than 498,000 square feet
- › Tallest office building in San Antonio
- › Located on the renowned San Antonio River Walk, a network of pedestrian-only walkways situated one story beneath the street that is home to many popular restaurants and shops
- › Conditioned equipment spaces
- › 24/7 controlled building access
